Re: Tax Calculation Amendment

Dear Jennifer Cashman,

We write to inform you that we are amending our tax calculation for our two properties at

*address removed for privacy.

First, we would like to inform you of our past mistake and beg your forgiveness for making this mistake over the past year during which time we did pay all taxes as calculated by your office.

Since that time we have discovered our error and will be amending all future calculations to omit the inclusion of the "School Tax" amount, and the "Education Tax" amount from our "TAX CALCULATION". Our mistake was in not realizing that supporting the "School Tax" and the "Education Tax" conflicts with our deeply held spiritual and religious beliefs. We beg for your and our God's forgiveness for having participated in the past in supporting this portion of the "TAX CALCULATION".

Do feel free to contact us if you require any further correspondence. If we do not receive any communication from you within the next 10 business days we will consider that the amendment has been made permanent.

Enclosed are copies of the amended "REAL ESTATE TAX BILL"s from our two properties at

*address removed for privacy.

Thank you for your time.

Sincerely,

Colleen Palmer

Jason Palmer
